

Mapping Day: Briefing notes for telephone tree.

Dear Andy, Alice, Jackie, Gabriel, Ruth and Jo

As you may have seen, we have recently sent out an email seeking support for putting the plan into action and initially coming along to the “mapping day “ that we discussed at the last core group meeting. We want to follow this up with phone calls during August to people who we know are interested in practical activities. Please can you verify that you are happy to phone those shown against your name and that you are happy to talk through the briefing notes below. If you have any questions please phone 756064.

Thanks
Richard and Ben

Briefing note.

General

1. Many people have been involved and everyone has had ample opportunity to engage with the setting up processes and with the plan making and we are now moving into delivery.
2. Philosophy of plan: to delegate opportunities to make choices and take responsibility to people within the plan's agreed framework – to have fun with friends and family, learn new things about woodlands and caring for them

Specific

3. seek help at a practical mapping day in September and in particular get people to sign-up to taking on a patch and inviting others to join in; taking responsibility for planning practical activities.
4. get some dates from people – Saturdays and Sundays in September and October
5. note and send information gathered for collation to all on this email list
